

Children should complete at least one homework project to a high quality this term- something that they have enjoyed working on and that they can feel proud of.

Tools were an important resource that was made during the Stone Age. Can you create a model of a tool that could have been used during the Stone Age?

Be creative and show on a timeline how long ago the Stone Age actually was. Can you show some key events or times in history that you also know about on your timeline?

Using your research skills, find out about the types of food that were available to Stone Age people. Can you write a recipe using food that the Stone Age people had access to?

Stone Age to Iron Age

Which changes from Stone Age to Iron Age were most significant and why?

Anything of your choice linked to our topic!

We know that the first recordings of art were Cave Art. Design a piece of cave art using materials of your choice. i.e. paint, chalk, crayon.

Stone Age people build shelters to live in using materials they had gathered. Gather some natural materials and build a model shelter.

Make a sculpture using natural materials, including stone, wood and vegetation. You could take a photo of it, draw it or if possible bring it in to share.

We will be holding a 'Learning Exhibition' towards the end of term. More information about this will follow nearer the time!
