Expressive Art and Design

- To begin to create props to support role-play.
- Music with Pete, exploring instruments, singing, and music.
- To explore the changes when adding black and white to different colours.

How can you help at home?

RWI- Please listen to your child read daily and practise their speed sounds. With this you will be able to develop their sounds bank and support them to read simple CVC words.

Books- please read, share and talk about as many books as you can! Through this you can build your child's language, understanding and love of stories.

Talking- please talk about what you are doing, where you are going, what you can see... talk about what your child is doing... talking is key to so many new words, experiences and understanding!

Maths- Explore numbers in the environment, compare amounts of objects regularly and see if you can spot any patterns when out and about. Can you find out how many altogether?
