

Years 5 and 6

Spring term 2022

# What lasting impact did the Ancient Greeks make on the world?

**Reading-** Both Year 5 and Year 6 will be continuing to develop their inference skills this term (reading between the lines, looking for clues and thinking about what they already know). You can support with this at home by asking your children questions about what they have read. We actively encourage lots of reading at home- it doesn't just have to be their school reading book.

Both classes will be reading a range of texts (starting with Percy Jackson and the Lightning Thief) in reading sessions, in addition to the class texts they will be reading in English (which are outlined below).

**Spelling-** 10 weekly spellings taken from the Y5/6 spelling curriculum will be sent home each week. The spelling pattern/rule will be clearly marked on the homework sheet. The children will be tested on 10 of the words from their new spelling pattern/rule and 2 extra words from the previous week's pattern/rule. You can support your child at home by encouraging use of the Spelling Shed app to learn their spelling words, playing different spelling games and also testing them on their spellings.

## Year 5

**Writing and grammar-** Using the text '**Beowulf**', children will be writing their own action and adventure stories and focusing on characterization.

### Power Maths Textbook B

- Developing use of written methods for all four operations
- Multiplication and division, including multiplying and dividing by larger numbers, powers of 10 and decimals
- Area and perimeter of regular and composite shapes
- Fractions, including finding equivalents, ordering and comparing, converting mixed and improper fractions and adding and subtracting fractions

**CLIC-** The of the main focuses for CLIC this term will be linked to ordering, comparing and discussing numbers to a million (including decimals) and also ensuring rapid recall of times tables up to 12X12.

You can support your child by:

- Playing times tables games and encouraging recall up to 12X12
- Helping complete their learn its homework
- Encouraging the use of the inverse to check calculations

## Year 6

**Writing and grammar-** Using the text '**Zelda Claw and the Rat Cat**', children will be writing their own mystery and suspense stories before moving onto persuasive texts inspired by different adverts.

### Power Maths Textbook B

- Fractions, decimals and percentages recap
- Angles
- Properties of 2D and 3D shapes
- Calculating area, perimeter and volume
- Money and time problems (including timetables)
- Statistics (including mean, pie charts)
- Ratio and proportion
- Coordinates, reflection and translation

**CLIC/arithmetic-** The main focus for CLIC/arithmetic this term will be linked to working with fractions, decimals and percentages. Children will also continue to use and apply written methods for division and multiplication of larger numbers.

You can support your child by:

- Playing mental arithmetic games
- Helping complete their arithmetic homework and discussing methods used
