

ST. PETER AT GOWTS
CofE PRIMARY SCHOOL

Unlocking the potential in all,
empowering a community of hope.

Our four golden threads are woven throughout everything we do at St Peter's. They form our key curriculum drivers, giving our curriculum a clear and cohesive intent.

- 1. **Values** - St Peter's curriculum is a values-based curriculum where values are modelled, interwoven and celebrated throughout the school day, constantly underpinning our thinking and behaviour.*
- 2. **Inspiration** - Our curriculum thrives on enriching children through a variety of inspiring experiences, such as immersive environments, wow days, learning exhibitions, workshops, visitors and visits to provide all of our children with the experiences that they wouldn't otherwise receive. We have a broad portfolio of extra-curricular clubs which are well attended across the full scope of the school.*
- 3. **Community** - At St Peter's we aim to be the beacon of hope in our diverse, inclusive community, supporting children and families to unlock their full potential through school community projects, educational training sessions and signposting to supportive groups. Our community encompasses a vast variety of cultures and beliefs and as a school we work hard to include everyone! We enhance our school curriculum by embracing the learning opportunities and resources within our inner-city community.*
- 4. **Excellence** - At St Peter's we have high expectations for all and constantly strive to unlock the potential of our school community. Our children are able to achieve through our ambitious and cohesively planned curriculum, balancing knowledge and skill development in all areas in order to excel.*
